

Brain Freeze Activities for 1st Grade - Math

Two different activities are to be completed for each Brain Freeze day.
Send documentation of activity completion to your child's teacher.

<p>Create a game using math skills. Bring to school to play.</p>	<p>Write your numbers to 120. Draw snowflakes on the 10's, color the 5's blue and color the 2's green.</p>	<p>Write as many math facts as you can that equal 10.</p>	<p>Create 10 addition and 10 subtraction flash cards and practice fluently with them. If you have a set of cards practice with them.</p>
<p>Help make cookies. Notice all the measurements.</p>	<p>Write 2 addition and 2 subtraction word problems within 20 and solve.</p>	<p>What is 10 more and 10 less than these numbers? 35, 12, 26, 39, 47, 58, 62, 73, 84, 55</p>	<p>At different times during the day have your child read digital and analog clocks that are on the hour and $\frac{1}{2}$ hour.</p>
<p>Create a worksheet that has 10 addition and 10 subtraction problems on it. The sum should not be over 20</p>	<p>Count the number of circles, triangles, squares and rectangles in your kitchen.</p>	<p>Take a survey and graph the results. How many people like chocolate ice cream? How many people like vanilla ice cream? How many people like strawberry ice cream. Which had the most? Which had the least? How many more like chocolate than strawberry?</p>	<p>Write the problems out and solve.</p> <p> $? + 5 + 1 = 8$ $8 + 8 + ? = 20$ $? + 5 + 7 = 15$ $6 + ? + 2 = 12$ $5 + 4 + ? = 17$ $? + 2 + 8 = 16$ $3 + ? = 3 = 14$ </p> <p>Create 10 more on your own.</p>
